

## Water is life. Water is love. Let Love Flow.

Access to clean, fresh water is vital for all of humanity, but for women in particular, water access means the difference between life and death for them and their families. It can be a 12-hour walk to the nearest water source to collect water to maintain basic needs and crucial hygiene practices during COVID-19. (When the pandemic closed churches across the denomination last March, the **One Great Hour of Sharing** offering took a big hit. Donations dropped off in 2020 by almost 45 percent!)

Through OGHS you engage in holistic development programs including health care, education, agriculture, food sustainability, micro-financing and women's empowerment. Because the UCC relates in mutual partnership to churches and organizations through Global Ministries and worldwide response & recovery networks, your contributions to One Great Hour of Sharing put you in the right place at the right time for the relief, accompaniment, and recovery of the most vulnerable. You meet immediate needs and you address the underlying causes that create those needs in the first place.
